

Environmental Policy

Majestic Aluminium Finishing Ltd is a Limited Liability Company **which** provides a widespread of metal finishing processes.

We have a reputation for attention to detail, quality, and rapid turnaround (24 hours – subject to quantity). This unique set of qualities ensures a long standing partnership with all our clients across the UK since 1970.

We are aware that our activities have an impact on the environment and seek to minimise this. We respect the principle of Sustainable Development and aim to work in a way that meets the needs of today's generation whilst ensuring that future generations can also meet their needs.

We are committed to

- Complying and keeping up to date with environmental legislation
- Preventing pollution
- Continually working to reduce our environmental impacts – minimising waste produced, minimising our energy use, training staff and encouraging greener transport options

Specific areas where we are working to reduce our environmental footprint:

- Working with our staff and building users to make all of the building's operations as environmentally friendly as we can, heating and lighting our premises efficiently
- Investigating how much waste we generate, using segregation to enable higher rates of recycling
- Looking at how people travel to and from our site: encouraging public transport and cycling
- Looking at what we buy – sourcing goods with low environmental impact and working with local suppliers wherever possible

We will review this Environmental policy annually to check it is up to date and to make sure we are looking at new areas for improvement.
